¹The North American Industry Classification System (NAICS) was developed jointly by the U.S., Canada and Mexico. It is a comprehensive classification system which groups establishments into industries based on their primary activities, both goods producing and service producing. NAICS replaced the Standard Industrial Classification (SIC) system. Data for 1995-2000 converted from SIC to NAICS.

See manual at: <http://www.census.gov/epcd/www/naics.html>
